

Immersive JEWISH LEARNING RETREATS

Are Retreats going to happen in 2021? What will be different about Retreats in 2021?

Moishe House Immersive Jewish Learning Retreats will now exist in 3 formats:

» VIRTUAL EXPERIENCES «

(MAINLY IN Q1)

» ONE-DAYS «

urban, in-person Retreats
(Q2-Q4)

» OVERNIGHTS «

weekend, in-person Retreats
(LATE Q2-Q4)

Our Retreat plans are flexible and dates will change based on COVID-19 public health outcomes

What are the COVID-19 safety requirements for in-person Retreats?

In North America, All Retreat attendees must provide:

- Proof of full COVID-19 vaccination, meaning at least 2 weeks has elapsed since your second Moderna or Pfizer dose, or single dose Johnson & Johnson vaccine. A photo of your white CDC card will be required to register for the Retreat.
- A negative antigen/viral test result for Sars-CoV-2 within 96 hours of the Retreat start time.

In Moishe House Global Communities? All Retreat attendees must provide either:

- Proof of full COVID-19 vaccination, meaning at least 2 weeks has elapsed since your second dose of an approved vaccine in the country that the Retreat is taking place.
- A negative antigen/viral test result for Sars-CoV-2 within 96 hours of the Retreat start time.

Per [CDC guidance updated on July 27, 2021](#), the following safety precautions will be in place during in-Person Retreats:

- Masks required in indoor settings
- Outdoor programming whenever possible
- Maintaining physical distance from other Retreat groups
- Single-occupancy rooming on Overnight Retreats
- Self-screening for COVID-19 symptoms
- Compliance with venue-specific health and safety protocols

Health and safety of all Retreat attendees is our #1 priority at all times. We are confident that with these protocols in place, and with your care and vigilance as a member of our Retreat community, that together we can make our best possible effort to maintain the health and safety of all participants, staff and educators, while spending time together learning and having a blast, in-person!

We strongly uphold the primacy of the Jewish value of Pikuach Nefesh, the preservation of life. In a pandemic scenario, we follow the best scientific and governmental advice available regarding risk factors and err on the side of heavy caution, even at the cost of in-person programming.
